THE TORCH 1956

PUBLISHED BY
THE SENIORS OF
NORTHAMPTON HIGH SCHOOL
EASTVILLE, VIRGINIA

FOREWORD

Although ours is one of the smallest classes to graduate from Northampton Hich School, we have enjoyed as many happy and wonderful moments as a much larger class in progressing through the processes of our education. As the class of '56 we have the distinct honor of being the first class to graduate from the new high school. Ours is also the first class to experience the twelve year program.

We find it hard to describe our many experiences in a few words. Therefore, we take this opportunity to place before you in the following pages of THE TORCH, some of the events we have shared with our classmates and friends during these past years.

Dear Virginia,
I wish you the very best luck in the world. Don't ever forget some of the good times we've had together. You are a grand friend and Senior class girl. Come to see me. I hope our Juniors and Seniors have as much fun as the past three. See you this summer. Love ya. Susan

Best of luck to a real pal. I have enjoyed meeting you this year. Boy, I really know alot about Jeff. HA! HA! My arm is hurting so I will have to stop writting. "Love a pal" Virgie

Best of luck to a ~~real~~ sweet girl.

(on bus)

Hi Virginia,

Always remember the wonderful times we've had together. Always remember the recitals we have been in, in the past. Remember the picnic we had one time in your backyard and you poured the milk out on the ground, so you wouldn't have to drink it. How about that drink you fixed one time, it was horrible. It was made with cool aid and food coloring.

I hope ~~you~~ we have some classes together next year.

Be good to all your boyfriends and have fun in all you do.

Love & Luck,
Caralyn

P.S. Maybe you and I can get together this summer.

MR. P. T. ATKINSON, JR.

Best wishes.
P. T. Atkinson, Jr.

Because of his friendliness, thoughtfulness, and understanding,

Because of his deep and sincere concern for us and our school,

Because of our admiration for him and that for which he stands,

We, the Class of 1956, dedicate this edition of THE TORCH to our principal.

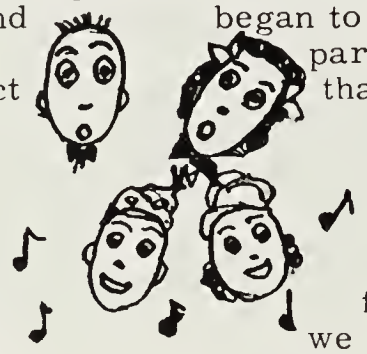
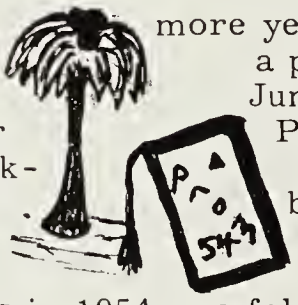
CLASS HISTORY

September 1951 . . . We entered Northampton High as eighth graders, bugeyed and awestruck . . . As the year progressed and we became a part of the institution called N.H.S., we became less timid and began to enjoy the many activities. We gave our first "grown-up" party . . . The girls of the class finally became reconciled to the fact that the Junior and Senior boys didn't know they existed.

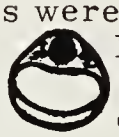


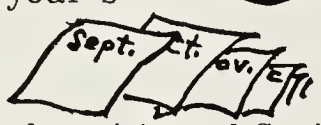
The next year, we, as freshmen, were a little older and also a little wiser-or so we thought . . . At least we felt we were becoming more and more a part of N.H.S. We gave our class party in December . . .

During our Sophomore year, we were the chosen ones to give the Seniors a prom in the spring, since there were no Juniors at school that year to give the Junior-Senior Prom . . . Those of us who were Beta Club members trekked to Richmond for our first Beta Club Convention . . . and came back bubbling over with tales of our exciting experiences . . .

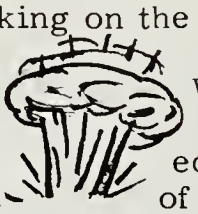


Entering as Juniors in 1954, we felt very smug as we were the oldest class in school. Class rings were ordered in the fall . . . Finally the big day came . . . Again, the Beta Club attended the state convention, this time in Roanoke . . . and once more came back, tired but happy and looking forward to the next year's convention. The year passed . . .





September 1955 . . . We once again entered N.H.S., this time in the exalted position of Seniors. We began working on the annual "Torch," early in the semester . . . The annual finished, we began practice for the Senior play. We worried over term papers, and nearly blew up the chemistry lab, and busied ourselves with a dozen other jobs. Beta members journeyed to Richmond for our last convention and enjoyed every moment of it. We gave our Senior play in April . . . In May, we enjoyed our Junior-Senior Prom. many of us feeling nostalgic when it realized it would be our last at N.H.S. The remainder of the year passed quickly and now we find ourselves practicing for that much waited event . . . graduation.



As the end of our high school career draws near, we find that instead of feeling big and capable, we are once more small and wondering. When we part in June, we know that many of us will never see again the faces we have come to know and love; but memories endure . . . Regardless of what the future may hold for us, we know that we will always have these moments to remember.

ALMA MATER

Standing near the Chesapeake
With its waters clear
Looking toward a great old ocean,
does our school appear;
Near the homestead of the Indians,
Who in former times
Roved the paths of old Northampton
In our pleasant climes.

From her walls so calmly standing,
She will serve our youth;
May her sons and daughters laud her
In their search for truth;
Marching onward, ever onward,
We revere her name.
May the future smile upon her
Seeing then her fame.

Chorus:

O Northampton! Dear Northampton!
Praise her to the sky!
Hail to thee, our Alma Mater,
Hail! Northampton High!

VOLUME LIBRARY

Volume Library was prepared by 107 of the leading teachers in the United States such as President Seymour of Yale, Dr. Clayton, U. S. Commissioner of Education, Professor Webster of New York University, and Professor Karpinski, the mathematical wizard of the University of Michigan. This publication, being built for school children, helps them in the various subject matter fields such as History, Geography, English, Science, Arithmetic, Algebra, and Geometry. This volume is built on an entirely different plan from that of any set of encyclopedias. Indeed, it is probable that 50% of the information in this publication is not to be found in any encyclopedias. Teachers, supervisors, and administrators, in this and in other sections of the country, recommend the use of the Volume Library. The National Association for High School Principals, the Wilson Library Bulletin, and Kiplinger's Magazine have endorsed it. Seventy percent of the pupils in the white schools of this county and about 40% of their teachers use Volume Library. Get your copy now.

Geometry Class

Virginia,

Mrs. Mapp is going to kill me. If she does send me black orchids, but I'm willing to die for you. Ha! Ha!

We really have had a ready year, but I still can't wait to get out of school. We should have a great time at the beach-party. Maybe you and Winter will get along a little better. You can feel sorry for me 'cause we aren't going to have the Triplett kid there. I guess I'll just have to make out the best I can.

Remember the night I had a date with Quill and he got my ear-rings? Never again. Oh, I slipped. Do you think he will ever send them to me, I doubt it very seriously. Remember prom night and the next morning. Sleepy head, you stayed in bed most of the time. We'll have to get some more of those delicious french-fries at Isaely.

Take good care of Winter and don't let him get out of hand. Remember the U.V.A. dance. More fun than a barrel of monkeys.

If I don't stop I'll really get killed until next year. Be good?

Love,

Kathie

P.S. Treat Joe very nicely!

vi

Biology

Dear Virginia,
I want to wish you the very best of luck always. Always remember the wonderful times we had last year at the beach party and the wonderful time we had during Christmas last year double dating. Most of all remember the night we went to the midnight services at Cape Charles. Virginia stay the same sweet, smart, attractive girl you are now and your future is made. Good luck and best wishes.

Love Ya
Fay

P. S. Take care of Winter and make him go easy on the g-i-n.

Virginia,

Don't ever forget the many good times we've had together. Specially the beach party last year. You have a grand personality and always stay as sweet as you are. Be good to Winter. Be good this summer.

Love,
Kinny

Hi Virginia,

Good luck to a swell girl! I'm going to try and forget the N.L.A. but it was fun even though certain things happened! I can't wait until next year's Beta convention! I'll have to stick with you and be a "goody" "goody" like C.B. was!? If we ever get those hours - let's make them up together - O.K.?

Be good to Winter and don't let him drink too much, you know what!!

We sure are going to have fun on the beach party this year! I sure hope that T.V. doesn't get broken!! What a mess!

I going to be sure and take you for a ride in my jeep sometime - You're really in for a treat! Kettles, bumps, and all! Just don't pay any attention to these minor defects! Ha!

Be good (I mean it!)

Love ya'
Sandy
